BUREAU OF INDIAN STANDARDS

Program of Work

EED 1: Environmental Management

Scope: To formulate Indian Standards in the field of Environment Management tools and systems

including: - Life Cycle Assessment - GHG management - climate change and adaptation - Environmental labelling - Circular Economy - CCUS excluding: - test methods of pollutant - setting limit values regarding pollutants of effluents - setting environmental performance levels

- standardization of products

Liaison: ISO TC- (P): Environmental management ISO TC- (P): Environmental management

systems ISO TC- (P): Environmental auditing and related practices ISO

TC- (P): Environmental labelling ISO TC- (P): Environmental performance evaluation ISO

TC- (P): Life cycle assessment ISO TC- (P): Greenhouse gas and climate change management

and related activities
