

## MoU with IIIT Dharwad, IIT Palakkad, NIT Arunachal Pradesh

BIS currently has entered into Memorandums of Understanding (MoUs) with 98 premier academic institutes of the country, including IITs, NITs, IIITs, Govt and Private institutes, to create a culture of quality and standardization, to ensure participation of academia in standard formulation, and integrate Indian standards into academic curricula. To further expand our reach to the academia, today, on the occasion of the 79<sup>th</sup> BIS Foundation Day, we have entered into MoUs with another 3 eminent institutes.

**Indian Institute of Information Technology (IIIT) Dharwad**, started in 2015, offers B Tech academic and research programs in information technology, computer science, electronics and communication, data science and artificial intelligence areas. IIIT Dharwad fosters innovation through cutting-edge research in AI, cybersecurity, and IoT.

**Indian Institute of Technology (IIT) Palakkad**, established in 2015 under the mentorship of IIT Madras, offers B.Tech, M.Tech, M.Sc, and Ph.D. programs through 10 departments with a focus on interdisciplinary research. The institute has state-of-the-art centres and facilities for research and development in areas such as data science,

computational imaging, high-performance computing, micro-nano fabrication, materials and manufacturing, and instrumentation.

**National Institute of Technology (NIT) Arunachal Pradesh**, established in 2010, offers B Tech, M Tech, MSc and PhD programs in core disciplines. Its key research areas include IoT, VLSI, AI/ML, sustainable energy, and material science and the institute emphasises on industrial applications, startup incubation, and innovation through its IIC (Institution Innovation Council).
