

DRAFT INDIAN STANDARD IN WIDE CIRCULATION

Reference : FAD 22/T

Date : 19 February 2024

TECHNICAL COMMITTEE : Agricultural Systems And Management, FAD 22

To,

All concerned

Dear Madam/Sir,

The following document has been prepared by the Agricultural Systems And Management Sectional Committee, FAD 22. Please [click here](#) to view the document.

Document Number : FAD 22 (23578) WC

Title of the document : INTEGRATED PEST MANAGEMENT - REQUIREMENTS

Document Type : New Indian Standard

This document has following salient features which may require specific attention for your valuable comments:

- 1) Integrated Pest Management (IPM) involves careful consideration of all available pest control techniques and the subsequent integration of appropriate measures that discourage the development of pest populations, and keeps plant protection products and other interventions to levels that are economically justified and reduce or minimize risks to human health and the environment. IPM is an integral part of Good Agricultural Practices (GAP).*
- 2) Considering the above, this standard has been developed in order to provide required guidance to the farming community and all concerned stakeholders regarding integrated pest management.*
- 3) This standard covers the integrated pest management (IPM) requirements and compliance criteria necessary to be followed by the producers (individual growers and/or members of a grower group) of crops for implementation of integrated pest management.*

Please examine the document and share your comments regarding further improvement in the document.

Last date for sharing the comments is : 19 April 2024

The comments should be shared in the prescribed template through this portal only; and the comments so received shall be taken up by the Sectional Committee for necessary action.
