

DRAFT INDIAN STANDARD IN WIDE CIRCULATION

Reference : FAD 31/T

Date : 27 March 2024

TECHNICAL COMMITTEE : Food Microbiology Sectional Committee, FAD 31

To,

All concerned

Dear Madam/Sir,

The following document has been prepared by the Food Microbiology Sectional Committee Sectional Committee, FAD 31. Please [click here](#) to view the document.

Document Number : FAD 31 (24533) WC

Title of the document : Water Quality Detection and enumeration of bacteriophages Part 3: Validation of methods for concentration of bacteriophages from water

Document Type : New Indian Standard

This document has following salient features which may require specific attention for your valuable comments:

- 1) Scope: This standard specifies the general principles for assessing the performance of methods for the concentration of bacteriophages from water. Concentration is recommended for those water samples expected to contain < 3 pfp (plaque-forming particles) per millilitre. Concentration methods can be applied to all kinds of water provided that the amount and nature of suspended solids and/or dissolved matter do not interfere with the concentration procedure.*
- 2) This standard does not give specific details of concentration methods, but outlines the fundamental principles for evaluating the suitability of a particular method for a given type and volume of water. Annex A gives examples of methods that have been found satisfactory and their fields of application.*
- 3) The standard also specifies normative references, terms and definitions, safety precautions, principle, reagents, apparatus, sampling, preparation of sewage samples for spiking, procedure, calculation, analytical quality control and test results.*

Please examine the document and share your comments regarding further improvement in the document.

Last date for sharing the comments is : 26 May 2024

The comments should be shared in the prescribed template through this portal only; and the comments so received shall be taken up by the Sectional Committee for necessary action.
