CENTRAL MARKS DEPARTMENT-III

Our Ref: CMD-3/16: IS 17569

06 February 2026

Subject: Guidelines for implementation of Amendment No. 2 to Indian Standard IS 17569:2021 — “Insulated Containers for Food Storage”

1. Amendment No. 2 to Indian Standard IS 17569: 2021 has been published. **The last date for implementation of the Amendment is 14 June 2026.**
2. All BOs shall inform the Applicants and Licensees under their jurisdiction about implementation of the Amendment **within a week of issuance of these guidelines.**
3. The significant changes brought through this Amendment as listed in the Table is given for the purpose of general guidance. BOs shall ensure that the product conforms to all the requirements, as applicable, as per the Amendment.

Sl. No.	Page No, Clause reference	Change
1.	Page 1, Cl. 4.1- Nominal capacity	Now, it is not necessary that nominal capacity is expressed only in complete or half litre units.
2.	Page 2, Cl. 7.1.2.2- Material of outer container or lid	PET (polyethylene terephthalate) is also permitted to be used as material of outer container or lid. It has been specified that in that case, the minimum thickness shall be 0.5 mm.
3.	Page 3, clause 7.1.2.8- Material of container of Hot/Cold box	It has now been clarified that in case the inner/outer container of Hot/Cold box is made of stainless steel, it shall conform to grades N1, N2 as per IS 15997/IS 6911 or grade 304 series as per IS 5522/ IS 6911 or 316/316L as per IS 6911
4.	Page 4, clause 7.9- Leakage test	It has now been specified that in case the product is declared leak proof by the manufacturer, only then leakage test will be applicable
5.	Page 5, clause 9.1- Marking requirements	New Note has been inserted at the end of Clause to specify that “Non-peelable sticker” can also be used for marking all the above details except the brand name and ISI marking. In such case, the sticker shall comply with the requirements as given in Annex G, including the Note under Annex-G.

4. No changes in manufacturing or testing facilities are required, neither any test report nor documentary evidence are required for implementation of the Amendment for existing licences.
5. Consequent upon publication of the Amendment, existing Product Manual has also been revised as Doc: PM/ IS 17569 /5/ January 2026. In this revision, Changes have been made in Grouping guidelines, List of test equipment, Scheme of Inspection and Testing and Scope of licence as per the Amendment.
6. The above guidelines come into force with immediate effect.
