CENTRAL MARKS DEPARTMENT-2

Our Ref: CMD-2/16: 9997

08 Aug 2023

Subject: Guidelines for implementation of Revised IS 9997:2023 (Aluminium Alloy Redraw Rods for Electrical purposes)

1. IS 9997:1991 has been revised as IS 9997:2023 and has been published. The last date for implementation of the revised Standard is **19 December 2023** after which the old Standard shall stand withdrawn.
2. All BOs/FMCD shall inform the Applicants and Licensees under their jurisdiction about implementation of the revised Standard within a week of issuance of these guidelines.
3. The significant changes in the revised Standard as listed in the Table are given for the purpose of general guidance. BOs/FMCD shall ensure that the product conforms to all the requirements, as applicable, as per the revised Standard.

Clause(s)	Change
1. Scope	Added additional diameter 7.6 mm in the scope.
4. Ordering information	A new clause on Ordering information had been added.
7.1. Chemical composition	In addition to elements present in chemical composition, Vanadium + Titanium had been specified
8.1 & 9.2-Table-3 Mechanical Properties of Aluminium alloy redraw rods	M temper is denoted as F Temper and W temper is denoted as T4 temper as per IS 5052. %Elongation of T4 temper is specified as mutual agreement between supplier and purchaser

4. Consequent upon the issuance of the revised Standard, there are changes in Product Manual. The same is being circulated separately.
5. The guidelines for implementation of the revised Standard is given below:

A. LICENSEES:

1. Switchover of Existing Licences as per IS 9997:1991 to IS 9997:2023

- a) On revision of IS 9997:1991 to IS 9997:2023, as mentioned above, additional diameter 7.6 mm is included in the revised IS. Vanadium+Titanium had been specified in the revised IS. Temper designation had been redesignated.
- b) BOs shall advise licensees to submit the following evidence of conformity for switchover to IS 9997:2023:-
 - i) **In-house test reports/ Independent Test Reports as per IS 9997:2023 for existing sizes covered in the scope of the licence.**

ii) Test facility for testing of Vanadium as per IS 504 (Part 12):2002 or any other established Instrumental method to be declared.

- c) BOs shall verify the documentary evidences submitted by the licensees for their compliance as per IS 9997:2023 and shall issue endorsement with regards to switchover and revised scope of licence (with regards to newly added grades, wherever applicable) as per IS 9997:2023.
- d) Inclusion of the new size(s) shall be processed as per the existing Guidelines for Change in Scope of Licence as per CMD1 Circular ref: CMD-I/2:12:4 dated 13 May 2021.

2. All Licensees shall implement the revised Standard by **19.12.2023**. Any difficulty in implementation shall be brought to the notice of CMD-2 within 30 days from the date of issuance of this guidelines. BOs shall ensure that no Licences are under operation as per old Standard after **19 Dec 2023**. The status of implementation of the revised Standard shall be confirmed by Head (BO) to CMD-2 within two weeks of the last date of concurrent running.

3. BOs shall also plan an early surveillance visit, preferably within 30 days of switchover by the licensee, for verification of the implementation of the revised standard.

4. If the Licensee fails to complete all actions by **19 Dec 2023** it shall be dealt with as per the prevailing guidelines.

B. APPLICATIONS FOR GRANT OF LICENCE:

1. Existing Applications where Sample has been submitted in the Laboratory/Test Report has been issued by the Laboratory may be processed as per the old Standard. However, if the Applicant is desirous of considering the Application as per the revised Standard, a declaration may be obtained from the Applicant to that effect and the Application may be processed accordingly. An undertaking shall also be obtained from such Applicants that if the sample fails in new test requirements, Licence will not be granted by BIS as per the old version.
2. Applications which are recorded henceforth may be processed as per the old Standard or the revised Standard. Processing of Applications as per the old Standard shall be permitted only upto **18 Dec 2023** and for such cases Applicant shall give a declaration that they will implement the revised Standard by **19 Dec 2023**
3. Beyond **19 Dec 2023**, no Licence shall be granted as per the old Standard.

C. CHANGE IN SCOPE OF LICENCE:

1. For change in scope of licence, the relevant provisions as given above for Applicants shall apply.
2. However, processing of such applications for change in scope of licence as per the old Standard shall be permitted only up to the date of implementation of the revised Standard or up to **19 Dec 2023** whichever is earlier.
3. The above guidelines come into force with immediate effect.
