Dear Sir,

During the 3rd Technical meeting of Ferroalloys subcommittee, MTD13:01 held on 18th Nov 2022.

The Subcommittee after detailed deliberations, decided to send the following documents for WC. If no comments were received, the documents can be sent for printing.

1. IS 4409: 1973 Specification for ferronickel (First Revision)
2. IS 1110: 1990 Specifications for Ferrosilicon (Fourth Revision)
3. IS 3012 : 1985 Chromemanganese
4. IS 5633 : 1973 Vanadium Pentoxide

The draft documents were attached for your reference.

In the view of the above, you are kindly requested to accord approval for Wide circulation for one month. Subsequently, if no comments were received, the documents can be sent for printing.
