# GRAPHICAL SYMBOLS FOR DIAGRAMS IN THE FIELD OF ELECTROTECHNOLOGY

## PART 11 ARCHITECTURAL AND TOPOGRAPHICAL INSTALLATION PLAN AND DIAGRAMS

(IEC Title : Graphical Symbols for Diagrams – Part 11 : Architectural and  
Topographical Installation Plans and Diagrams)

### INTRODUCTION

This publication contains symbols developed for small-scale maps or plans for which the symbols given in the other parts would not be quite suitable. The latter may however be used as well.

On maps, the centre of a symbol, such as those of sections 1, 2 or 5, for instance, shall correspond with the exact location.

The symbol size may be varied to suit the application.

### Cross Reference

#### *International Standard*

IEC Pub 445 (1973) Identification of apparatus terminal and general rules for a uniform system of terminal marking, using an alphanumeric notation

IEC Pub 617-8 (1983) Graphical symbols for diagrams – Part 8 : Measuring instruments, lamps and signaling devices

#### *Corresponding Indian Standard*

IS : 11353-1985 Guide for uniform system of marking and identification of conductors and apparatus terminals
