*Indian Standard*  
**ELECTROTECHNICAL VOCABULARY**  
**PART 72 MATHEMATICS**

**NATIONAL FOREWORD**

This Indian Standard (Part 72) (First Revision) which is identical with IEC 60050-101 : 1998 'International Electrotechnical Vocabulary — Part 101: Mathematics' issued by the International Electrotechnical Commission (IEC) was adopted by the Bureau of Indian Standards on the recommendation of the Basic Electrotechnical Standards Sectional Committee and approval of the Electrotechnical Division Council. This standard was first published in 1993. This revision has been undertaken to align it with IEC 60050-101:1998.

The text of IEC Standard has been approved as suitable for publication as an Indian Standard without deviations. Certain conventions are, however, not identical to those used in Indian Standards. Attention is particularly drawn to the following:

- a) Wherever the words 'International Standard' appear referring to this standard, they should be read as 'Indian Standard'.
- b) Comma (,) has been used as a decimal marker, while in Indian Standards, the current practice is to use a point (.) as the decimal marker.
