**CODE OF PRACTICE FOR
HANDLING AND STORAGE OF
MICROTRANSPARENCIES (MICROFILM AND
MICROFICHE) (SILVER HALIDE)**

1. SCOPE

1.1 This code covers the manner of handling of microfilm and microfiche during exposure, processing, packing, despatch and use in order to ensure prevention of damage and also lays down the inspection requirements and conditions in which the film should be stored so as to prevent damage and prolong its useful life. The processing of film for ensuring the stability of image has been covered in IS : 3083-1985*.

1.2 This code covers only safety base silver halide films.

*Code of practice for the processing of microtransparencies (microfilms and microfiche) (silver halide)
(*first revision*).
