

Indian Standard
**SPECIFICATION FOR
PROBE, AURAL, JOBSON HORNE'S
PATTERN**

0. FOREWORD

0.1 This Indian Standard was adopted by the Indian Standards Institution on 25 October 1966, after the draft finalized by the Surgical Instruments Sectional Committee had been approved by the Consumer Products Division Council.

0.2 The formulation of Indian Standards on surgical instruments has been taken up on the recommendations of the Advisory Committee for Development of Surgical Instruments, Medical Equipment and Hospital Appliances of the Ministry of Industry, Government of India.

0.3 This Indian Standard is one of a series on surgical instruments.

0.4 For the purpose of deciding whether a particular requirement of this standard is complied with, the final value, observed or calculated, expressing the result of a test, shall be rounded off in accordance with IS : 2-1960*. The number of significant places retained in the rounded off value should be the same as that of the specified value in this standard.

1. SCOPE

1.1 This standard covers the requirements of aural probe, Jobson Home's pattern used in ENT work.
