## *Indian Standard*

### **GLOSSARY OF TERMS RELATING TO RIVER VALLEY PROJECTS**

#### **PART XV CANAL STRUCTURES**

##### **Section 2 Transitions**

#### **1. SCOPE**

**1.1** This standard (Part XV/Sec 2) covers the definitions' of terms relating to transitions in canal structures.

#### **FOREWORD**

**0.1** This Indian Standard. (Part XV/Sec 2) was adopted by the Indian Standards Institution on 4 April 1973, after the draft finalized by the Terminology Relating to River Valley Projects Sectional Committee had been approved by the Civil Engineering Division Council.

**0.2** A number of Indian Standards has already been printed covering various aspects of river valley projects and a large number of standards are in the process of formulation. These standards include technical terms; the precise definitions of which are required to avoid ambiguity in their interpretation. To achieve this end, the Institution is bringing out IS :4410 Indian Standard glossary of terms relating to river valley projects, which is being published in parts.

**0.3** Part XV covers the important field of canal structures and in view of the vastness of this subject, it is proposed to cover it in different sections. Other sections in the series will be the following:

- Section 1 General terms
- Section 3 Flumes
- Section 4 Regulating works
- Section 5 Cross drainage works
- Section 6 Other structures
